

Building Climate Resiliency through Urban Plans & Designs

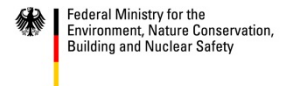

First Training Workshop for Partner Cities: Tagum City
23-24 October 2017, Hijo Resort, Tagum City

HOUSING AND LAND USE REGULATORY BOARD

UN HABITAT
FOR A BETTER URBAN FUTURE

Supported by:

based on a decision of the German Bundestag

Objectives of the training workshop

- Provide orientation about the project
- Broaden the appreciation on the importance of urban planning and design for climate resiliency
- Enhance knowledge about the city's CLUP & LCCAP
- Identify urban design issues and challenges

- Mapping of CC related projects
- Formulate technical considerations for the development of urban design project and
- Formulate project action plan

Workshop Agenda

- Project Orientation
- Input on Tagum's CLUP and LCCAP
- Inputs on climate change and the urban system
- Workshop: Forces & CC Trends Mapping

Day 1

- Workshop: Mapping of CC projects
- Considerations in developing urban design project
- Action planning
- Synthesis, Closing
- City Hall visit/city tour

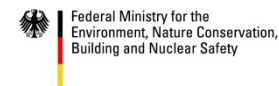

Day 2

HOUSING AND LAND USE REGULATORY BOARD

UN HABITAT
FOR A BETTER URBAN FUTURE

Supported by:

based on a decision of the German Bundestag

Milestones and Tools

Year
1

- Cap-Dev Assessment and Plan
- City Baseline
- Signed agreements with partners
- Conduct of trainings
- Enhancement of existing digital knowledge platforms

Tools

- CapDev Assessment Tool
- Scenario building exercises
- Geospatial mapping and analysis
- Climate mapping
- Urbanization assessment
- Digital data management tools

Year
2

- Continuation of trainings & workshops
- Conduct of learning events
- Project prioritized/identified
- Cost-benefit analysis completed
- Draft of Urban Adaptation Design projects

Tools

- Trainings & planning workshops
- Cost-Benefit Analysis
- Technical Charrette
- Urban design studio tools
- Project prioritization tool
- Climate financing

Year
3

- Finalized urban adaptation design project
- Developed scale models of the projects
- Case studies (5 cities)
- Investment forum
- Policy recommendations to improve planning regulations – CLUP/CDP
- Developed training modules

Tools

- Pre-FS development
- Case documentation
- Round table discussions
- Investment forum
- Training module enhancement
- Guidelines/policy review

Key Activities	Sub-activities	Deadlines/Timeframe	City Focal Point
LCCAP Enhancement	Workshop 1: First 4 Steps & GHG Training (LCCAP Core Team-25 pax)	4-8 December 2017, Big 8	Helen and Johnson
	Workshop 2: Steps 5-9	8-12 Jan 2018, Big 8	Helen and Johnson
Consolidation of data, map requirements	Setting up a drive for the consolidation of data and map requirements	30 November 2017	Johnson and Mark
Letter request from the Mayor's Office for LCCAP assistance		24-25 October	Sharon
Documentation of the first city workshop	c/o UN Habitat		
2 nd Project Training Workshop		February 2018, 3 rd week	
Project support: - Issuance of EO for the creation of the City Technical Working Group - Provision of space for the project/ city	Send to UN-Habitat Team the EO on the creation of the City Technical Working Group Provide desk and chair	November 15, 2017	Johnson Lucia Damolo &

Participants' Profile

40
Participants

National and
Regional
Representation

6 Agencies:

- HLURB
- DILG-BLGD
- CCC
- NEDA
- HUDCC
- LCP

Mixture of
policy
makers,
planners,
trainers

HOUSING AND LAND USE REGULATORY BOARD

UN HABITAT
FOR A BETTER URBAN FUTURE

Supported by:

Federal Ministry for the
Environment, Nature Conservation,
Building and Nuclear Safety

based on a decision of the German Bundestag

Way Forward:

- December Learning Event/Training – What week?
- Assessment of partners' existing knowledge platforms (digital) – Dec. 2017 – March 2018
- KM, Communications Officer, ICT person?
- Capacity Development Assessment/Survey – additional respondents from NEDA

Outcome

National and LGU policies, regulations and capacities to adapt to climate change through the promotion and implementation of sustainable urban development plans and designs.

Outputs

HLURB & DILG with **improved capacities to integrate urban adaptation planning & designs in the policies and regulations** they issue to LGUs.

Capacities of local planners (cities) are enhanced **to develop resilient urban plans and designs.**

Urban adaptation projects of 5 cities are packaged **to access climate financing** and other modalities of financing.

Improved supplemental guide and modules on urban adaptation planning and design – CLUP and CDP.
